# Rosann Santos

New York City, New York

Rosann Santos has worked in the higher education and non-profit sectors for over 25 years. Her success in coaching, public speaking and training is linked to her philosophy: it is important to view yourself and others from a strengths-based lens rather than a deficit lens. She approaches all of her work and interactions with that in mind.

Rosann is especially skilled at helping learners understand their personal power, unleash their audacity and getting unstuck. She is an in-demand keynote speaker in both English and Spanish and trained to facilitate multiple leadership modalities in both languages.

## Education & Certifications

- B.A. Math and History – Syracuse University
- M.A. Latin American History – University at Albany, SUNY
- Certified Gallup StrengthsFinder Coach
