

## Executive Coach

# Melanie C. Jones

San Francisco, California

Melanie has an extensive corporate and non-profit experience using data to design measurable coaching programs aligning to business goals. She believes the key to successful leadership is contingent on raising self-awareness. Her uncanny ability to build trust using compassion are why she is a successful Executive Coach.

Melanie is passionate about designing coaching programs while partnering with diverse stakeholders that increase self-awareness to inspire change. Organizational behavioral scientist Amy Edmondson of Harvard research on “psychological safety” and the NeuroScience Institute influences her work.

## What clients say about Melanie

*“Melanie is a dynamic professional coach. She and I worked together to get my skill set to the next level and without her coaching, I would definitely not be the person I am today. I definitely recommend her as she is well qualified, articulate, is very organized and punctual. She gets it! Melanie’s personality is very calming and her ability to understand and coach without being overbearing and dominant is great, especially for executives like myself! I have honor and privilege to be able to work with Melanie and I am so thankful for her!” Sr. Director, Healthcare*
